Forecast for Monday 28 Sep 2020

Weather: Dry, bright start in east of area with some sunshine. Cloudy towards West Coast with occasional rain and extensive hill fog, gradually edging eastwards during the morning with rain gradually fizzling out. Brighter skies following for the afternoon with some sunshine and a few light showers.

Chance of cloud free mountain/hill tops above 800m: 80% in east at first, decreasing 30% during the morning, always best away from west coast. Chances improving again during afternoon. Occasional cloud cover around 600 to 700m, extensive for a time, especially in west, lifting and breaking up during afternoon.

Visibility: Mostly good in east of area but poor for a time in west as rain moves through.
